## Technical Specification (Material Safety Data Sheet: MSDS)

Product Code: BIOMED GEL CRG 246/E-Z MIXPAK SYSTEM  
TOUCH OF BLUE ACTIVATOR

### 1. Chemical product and company identification:

Products Name           BIOMED GEL CRG 246/E-Z MIXPAK SYSTEM  
Company                 E-Z Cleaners, LLC  
Address                 698 Bryant Blvd Rock Hill, SC 29732  
Telephone/ Facsimile   T: 803.980.3700/F: 803.980.3702  
E-Mail                    info@e-zcleaners.com

### 2. Composition/information on ingredients:

Ingredients	CAS No.	Contents
1) Gel: Urethane Polymer Blend	N/A	Proprietary reacted / active structured matrix urethane polymer. Urethane formula protected by Trade Secret
2) Activator: Urethane Polymer Blend Component	N/A	Proprietary complex reacted polymer blend protected by Trade Secret and does not contain tin salts.

### 3. Hazard identification:

1) Classification Name	N/A
2) Dangerousness	N/A
3) Harmfulness	N/A

### 4. First –aid measures:

1) Eyes	Any material that contacts the eyes should be washed out immediately with water for 30 minutes. Contact Lens wearers, if it's easy to do, remove contacts and immediately flush with water for 30 minutes. If irritation persists, get medical advice.
2) Skin	Use waterless hand cleaner i.e. E-Z Clean® Hand Cleaner first then repeat using water.
3) Inhalation	N/A

### 5. Fire-fighting measures:

1) Explosion	N/A. Not tested
2) Fire-fighting procedure	Workers must wear self-contained breathing apparatus
3) Extinguishing media	All professional standard firefighting methods

### 6. Prevention and correction measures:

1) Remainder	Wipe, scrape, or soak up any material and put into a container for disposal. Wash walking surface with detergent and then use water to reduce slipping hazards.
2) Original packing	Follow mixing instructions located on the activator bottle.

**7. Handling and storage**

**Handling**

1) Personal precautions	Do not heat or spray product as an aerosol. If this needs to be done for any reason, full self-contained breathing equipment must be used. May cause eye irritation, use safety goggles. All proper protective guidelines set by professional contractor.
2) Cleaning Procedures	Wipe, scrape, or soak up any material and put into a container for disposal. Dispose according to local regulations.
3) Environmental precautions	Non-hazardous material.

**Storage**

Store in cool, dry areas not below 60°F and not above 110°F. Do not expose to contaminants; contaminants will destroy functionality. Shelf life is approximately 6 months.

**8. Exposure control and personal protection:**

1) In view of engineering method:

Follow mixing instructions included with product. Any remaining product should be wiped, scraped, or soaked up and placed into a container for disposal.

2) Individual protection

1) Respiratory organ	None needed.
2) Eye	Safety goggles while mixing.
3) Hand	Latex or vinyl single use gloves only.
4) Body	Proper guidelines set by professional contractor must be followed.
5) Sanitation	Wash exposed skin with waterless hand cleaner i.e. E-Z Clean® Hand Cleaner, repeat and then rinse with water.

**9. Physical/chemical characteristics:**

1) Visual appearance	Gel: Pale Yellow / Activator: Blue
2) Smell	None
3) Solubility	None in Water. Solubility in Organic Solvent: Acetone
4) Viscosity	5,000 to 10,000 CPS
5) Boiling /melting point	Above 250°F

**10. Stability and reactivity**

1) Stability	Gel: Stable / Activator: Stable
2) Avoidable condition and materials	May react with zinc, any metals with a zinc coating or galvanized metals
3) Harmful material emitted from decomposition	None known / N/A

**11. Virulent information:**

1) Oral virulence	N/A
2) Inhaled virulence	N/A
3) Skin contact virulence	N/A

**12. Environmental effects information:**

1) Characteristics of ecology	N/A
2) Remainder and resolvability	N/A

**13. Disposal Consideration:**

1) Dispose according to governmental regulations
--

**14. Transportation information**

1) Receptacle	Use regular receptacle. Defer to local governmental regulations.
2) Carrying	Close each container tightly and use preventative measures to avoid damage from dropping the pail. Defer to local governmental regulations.
3) Receptacle indication	Dispose according to governmental regulations.

**15. Law information:**

<b>Regulation by Industrial Safety Health Law</b>	
Regulation of Hazard Chemical Material	Material is not hazardous and is not regulated. Dispose according to governmental regulations.

**16. Disclaimer of Liability:**

The information in this MSDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the material are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the material.

This MSDS was prepared and is to be used only for this material. If the material is used as a component in another material, this MSDS information may not be applicable. This document is generated for the purpose of distributing health, safety, and environmental data. It is not a specification sheet nor should any displayed data be construed as a specification. Some of the information presented and conclusions drawn herein are from sources other than direct test data on the material itself.
